These sessions will give you the opportunity to experience what Scuba Diving is all about. After a safety brief you will dive at one of two pools.

Over 14's will dive at the 'The Underwater Film Studio'. This studio has had scenes shot for James Bond, Bourne Ultimatum and episodes of Casualty and many more films and programmes. There is a unique viewing gallery for spectators so they can see the divers in action. Under 14's will dive at the sister pool just around the corner from the centre.

All instructors are fully qualified Scuba Diving Instructors with many years of experience.

Whether it is your first time or you have tried before come and give Scuba Diving a go.

There is a limit of 10 places per session so don't delay.
